WELCOME LETTER

Welcome to the 2025 Constitution Day Celebration!

On behalf of the Lee County Republican Executive Committee, it is my honor to welcome you to this special event as we gather to celebrate the foundation of our great nation, the United States Constitution. More than parchment and ink, the Constitution is the living framework that has preserved liberty, safeguarded our freedoms, and guided America for nearly two and a half centuries.

As we reflect on this day, we are reminded that our work to uphold these principles is far from over. The radical left continues its relentless push to weaken the rule of law, erode our liberties, and replace constitutional order with government overreach. Here in Lee County, we remain steadfast. We stand strong for faith, family, freedom, and the America First values that the Founders enshrined in our Constitution.

Tonight's program is designed to educate, inspire, and equip us to defend those principles. You will hear from leaders, thinkers, and patriots who share our commitment to protecting the Constitution against those who seek to diminish it. Their voices will remind us that America's greatness lies in our willingness to defend the liberties secured for us in 1787.

Before we close, let us remember that the Constitution is not just a historic document, it is a daily call to action. Each generation is entrusted to preserve, protect, and defend it. Tonight, we take up that charge with renewed energy and resolve.

Together, let's honor the wisdom of our Founding Fathers, safeguard the freedoms they secured, and ensure that America remains the shining beacon of liberty for generations to come.

Sincerely yours,

Mercedes Price Harry

George Washington

Donald J. Trump
45th President of the United States
